

# Attendance

The candidates do not receive a “text book” for Confirmation preparation and we don’t “lecture” to the young people.

Almost all of our activities are experiential, group-process and discussion.

When one or two or three (or more!) candidates are missing, the group really suffers

(and it is not possible to have a true make up session, because of the class dynamic).

**If a candidate misses more than 5 of the class sessions or special activities (excused or unexcused), they will, in effect, be dropped from the process.**
