

THE ST. FRANCIS XAVIER MEN'S GROUP

The SFX Men's Group has been formed to allow men of the parish to get to know one another and foster relationships across generations; to welcome new members of the parish; promote diversity and involvement in our community; to help one another with spiritual growth and development; and to increase involvement in parish activities.

Meetings are held each month and men of all ages are encouraged to participate. Our presence has been to foster Parish activities such as being greeters on the fourth Sunday of each month and now pursuing a maintenance ministry to help with minor parish or senior parishioner issues. Last month the group enjoyed a social activity of golfing and coming together for an evening dinner of conversation and comradery.

Efforts continue to grow membership and participation to enhance both social and spiritual life within the parish and community.

Enclosed are several pictures of the last social activity enjoyed by some 18 gentlemen.
